

Year 1 Spring Term First Half Term

Reading and Phonics

The children will continue to learn phonics through Read Write Inc lessons. They will be reading books appropriate to their phonics stage and completing writing activities which allow them to practice using these sounds.

Please continue to read with your child at home and support with homework activities.

DT

In DT this half term, we will be exploring materials and their properties and working out whether we can build a house out of bread.

Art

During our Art lessons, we will be learning about the artist Karen Lederer and exploring using some of her printing techniques.

Springfield Infant School & Nursery

Maths

In Maths, we will be looking at numbers to 20, adding and subtracting them.

Science

In Science, we will be finishing learning about the types of animals and then moving on to explore materials and their properties.

History

In History, we will be finding out about Mary Anning and David Attenborough. We will be learning about who they were and what they discovered and comparing them. We have an exciting visit from Life Long Ago.

Music

In Music, the children will learn how to develop their feeling and understanding of pitch, beat and duration.

PE

In PE, we will be learning to play badminton and doing a danced module.

RE

In RE we will be looking at different religions and making comparisons between them.

Computing

This half term, we will be learning about online safety and how we can keep ourselves safe online.

As part our learning this term,
we will be focussing on the following vocabulary.

History	Science	Art	DT
fossil legacy inspire significant naturalist expedition documentary	materials properties flexible transparent opaque waterproof absorb	printmaking stencil relief printing stippling stroking overprint	construction properties architect modify cement solidify
