

How we behave at school

Our School values

Belonging

We greet adults and children when we see them. We might say 'hello', 'good morning' or wave.

We take pride in our appearance and wear the correct school uniform.

We share toys, equipment or ideas and help each other when we get stuck or upset.

Be respectful

We respect each other's right to learn, we take turns when talking without interrupting.

We are polite, say 'please' and 'thank you' and hold the door for each other.

We take care and look after school property inside and on the playground or field.

Be your best

We believe we can achieve and improve!

We make positive choices and are learning to be more independent.

We take pride in our effort and hard work.
